Compassionate Communities Conversations

Do you want to live in a community that engages in the big issues like serious illness, end of life, death, grieving, and care giving? Or have you been in this situation and gained valuable experience you could pass on to someone else?

We're inviting you to join the conversation on how we can build a Compassionate Community in Sutherland Shire. This 2-hour open conversation is for community members, groups, and leaders to learn how we can take care of each other during tough times.

Tuesday 20 May from 10am to 12pm

Thursday 22 May from 6.30pm to 8.30pm

Gymea Tradies, Gymea

These events are being held in partnership with South Eastern Sydney Local Health District in support of Palliative Care Week.
